**Self-check — Role Play: Closing the Sale**

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

| # | Criterion                                                                                | Evidences | ✓ |
|---|------------------------------------------------------------------------------------------|-----------|---|
| 1 | Mark checked readiness explicitly before attempting the close.                           | LU3       |   |
| 2 | Price was justified with evidence (ROI, time savings) before any discount was discussed. | LU3       |   |
| 3 | The longer-term-contract offer was framed as added value, not a disguised discount.      | LU3       |   |
| 4 | A genuine mini close confirmed a smaller decision before the full close was attempted.   | LU3       |   |
| 5 | The round ended with a concrete, dated follow-up commitment, not a vague promise.        | LU3       |   |

**Debrief check**

The observer can quote at least two buying signals Rachel gave, state the real constraint behind the discount request and the question that surfaced it, name the closing technique used, and confirm whether the call closed on a dated mutual action plan with named owners.
